

## Reliable Control and Filtering of Linear Systems with Adaptive Mechanisms

By Guang-Hong Yang, Dan Ye

Taylor & Francis Inc. Hardback. Book Condition: new. BRAND NEW, Reliable Control and Filtering of Linear Systems with Adaptive Mechanisms, Guang-Hong Yang, Dan Ye, More and more, the advanced technological systems of today rely on sophisticated control systems designed to assure greater levels of safe operation while optimizing performance. Rather than assuming always perfect conditions, these systems require adaptive approaches capable of coping with inevitable system component faults. Conventional feedback control designs do not offer that capability and can result in unsatisfactory performance or even instability, which is totally unacceptable in complex systems such as aircraft, spacecraft, and nuclear power plants where safety is a paramount concern. Reliable Control and Filtering of Linear Systems with Adaptive Mechanisms presents recent research results that are advancing the field. It shows how adaptive mechanisms can be successfully introduced into the traditional reliable control/filtering, so that, based on the online estimation of eventual faults, the proposed adaptive reliable controller/filter parameters are updated automatically to compensate for any fault effects. Presenting a new method for fault-tolerant control (FTC) in the context of existing research, this uniquely cohesive volume, coauthored by two leading researchers - \* Focuses on the issues of reliable control/filtering in the framework...
