Grand Central Publishing. Paperback. Book Condition: New. Paperback. 448 pages. Dimensions: 8.9in. x 5.7in. x 1.3in. In Native American tradition, a warrior gained honor and glory by counting coup -- touching his enemy in battle and living to tell the tale. This is a modern story of . . . COUNTING COUP. In this extraordinary work of journalism, Larry Colton journeys into the world of Montana's Crow Indians and follows the struggles of a talented, moody, charismatic young woman named Sharon LaForge, a gifted basketball player and a descendant of one of George Armstrong Custer's Indian scouts. But Counting Coup is far more than just a sports story or a portrait of youth. It is a sobering expos of a part of our society long since cut out of the American dream. Along the banks of the Little Big Horn, Indians and whites live in age-old conflict and young Indians grow up without role models or dreams. Here Sharon carries the hopes and frustrations of her people on her shoulders as she battles her opponents on and off the court. Colton delves into Sharon's life and shows us the realities of the reservation, the shattered families, the bitter tribal politics, and a people's struggle against a belief that all their children -- even the most intelligent and talented -- are destined for heartbreak. Against this backdrop stands Sharon, a fiery, undaunted competitor with the skill to dominate a high school game and earn a college scholarship. Yet getting to college seems beyond Sharon's vision, obscured by the daily challenge of getting through the season -- physically and ps. This item ships from multiple locations.
