

Our Bodies: The Unexplored Link to God: The Structure, Coloring and Functioning of the Human Body

Filesize: 9.02 MB

Reviews

Without doubt, this is actually the very best function by any article writer. it was written quite flawlessly and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Prof. Isobel Heller MD)

iUniverse. Paperback. Book Condition: New. Paperback. 240 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Look at your body and consider its structure and coloring. Why do you have two arms, two legs, two eyes, two ears, two lungs, two kidneys, but only one nose, one stomach, one brain and one heart? Does your nose alone know the secret of life? Why aren't your two kidneys a matched pair? Why are there no orange or red-eyed people? Why no blue or green-skinned people? Isn't Modern Medicine the same old black magic we know so well? Primitive man believed that demons caused disease. Modern medicine agrees. Isn't it time we outgrew the primitive notion that devils invade our bodies to do us in? Throughout recorded history, man has suffered recurrent plagues. As our laws and behavior change, so do our plagues. What can we learn about ourselves from this record of ever-changing plagues? If you'd rather be well than ill, if you'd enjoy knowing the way to energetic good health, check out the clues our bodies offer. This book can help you see the clues that are there to see. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
