Reviews

It in a single of my favorite publication. It really is rally interesting throgh studying period. Your life period will probably be transform once you total looking at this book.
(Janie Schultz I)

SECRETS OF THE SEASONS: ORBITING THE SUN IN OUR BACKYARD (HARDBACK)

[DOWNLOAD PDF](#)

Alfred A. Knopf, United States, 2014. Hardback. Book Condition: New. 267 x 206 mm. Language: English . Brand New Book. The family from Secrets of the Garden are back in a new book about backyard science that explains why the seasons change. Alice and her friend Zack explore the reasons for the seasons. Alice s narrative is all about noticing the changes as fall turns into winter, spring, and then summer. She explains how the earth s yearlong journey around the sun, combined with the tilt in the earth s axis, makes the seasons happen. Alice s text is clear and simple, and experiential. Two very helpful and very funny chickens give more science details and further explanation through charts, diagrams, and sidebars. Packed with sensory details, humor, and solid science, this book makes a complicated concept completely clear for young readers and also for the many parents who struggle to answer their kids questions! Several adults of my acquaintance . . . would find Secrets of the Seasons to be an eye-popping revelation. John Lithgow, The New York Times Book Review.
