

Access 2007 for Starters: The Missing Manual

Filesize: 5.49 MB

Reviews

This ebook is amazing. I actually have read and i also am certain that i will going to read once more again down the road. I found out this pdf from my dad and i advised this book to discover.
(Isaiah Swaniawski)

ACCESS 2007 FOR STARTERS: THE MISSING MANUAL

To save **Access 2007 for Starters: The Missing Manual** eBook, you should access the link listed below and download the file or gain access to other information that are relevant to ACCESS 2007 FOR STARTERS: THE MISSING MANUAL book.

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Access 2007 for Starters: The Missing Manual, Matthew MacDonald, This fast-paced book teaches you the basics of Access 2007 so you can start using this popular database program right away. You'll learn how to work with Access' most useful features to design databases, maintain them, search for valuable nuggets of information, and build attractive forms for quick-and-easy data entry. The new Access is radically different from previous versions, but with this book, you'll breeze through the new interface and its timesaving features in no time with: Clear explanations Step-by-step instructions Lots of illustrations Larger type Plenty of friendly advice Ideal for small businesses and households, Access runs on PCs and manages large stores information, including numbers, pages of text, and pictures -- everything from a list of family phone numbers to an enormous product catalog. Unfortunately, each new version of the program crammed in yet another set of features -- so many that even the pros don't know where to find them all. Access 2007 breaks the mold: Microsoft changed the user interface by designing a tabbed toolbar that makes features easy to locate. One thing that hasn't improved is Microsoft's documentation. Even if you find the features you need, you still may not know what to do with them. Access 2007 for Starters: The Missing Manual is the perfect primer for small businesses with no techie to turn to, as well as those who want to organize household and office information.
